ISO 9001 LEAD AUDITOR COURSE

Our Franchise Partner

Driving Excellence. Building Trust. Ensuring Quality Accurate

ISO 9001 Quality Management System Lead Auditor Training Courses

Lead Auditor Course

About the Course

The ISO 9001 Lead Auditor Training by **Accurate Global INC** is designed to equip participants with the knowledge, skills, and confidence required to conduct first, second, and third-party audits of **Quality Management Systems (QMS)** in accordance with **ISO 9001**.

Our program uses interactive learning methods, combining expert-led sessions with real-world case studies, group discussions, and practical exercises. This ensures participants not only understand the theory but also gain hands-on auditing experience essential for excelling as a QMS auditor or quality management professional.

Participants who successfully complete the continuous assessments and the final examination will be awarded an **Accurate Global INC** Certificate of Achievement. This training also fulfills the formal learning requirement for certification as an internationally recognized ISO 9001 Lead Auditor, enabling career growth in quality management and auditing.

Duration: 5- days course

Who Should Take The Course?

This program is designed for professionals who want to build or enhance their expertise in **ISO 9001 Quality Management System** auditing. It is ideal for:

- Staff responsible for developing, implementing, or maintaining a QMS
- Internal and external auditors seeking internationally recognized certification
- Quality managers, consultants, and compliance officers
- Professionals aiming to start or advance a career in management system auditing
- Risk and compliance personnel ensuring adherence to global quality standards

ISO 9001:2015 Lead Auditor Training – 5-Day Program

Comprehensive Audit Training

Day	Topics Covered
Day 1	Introduction to QMS & ISO 9001:2015 – Standards & regulatory frameworks, certification process, quality management principles, QMS structure, and terminology.
Day 2	Audit Fundamentals & Preparation – Audit principles, risk-based approach, evidence collection, Stage 1 audit planning, and document review.
Day 3	On-Site Audit Activities – Stage 2 audit execution, audit communication skills, process auditing techniques, drafting nonconformity reports.
Day 4	Closing the Audit & Follow-Up – Audit documentation, evaluation of corrective actions, internal audit program management, post-audit activities.
Day 5	Certification Exam & Review – Final review of concepts, Q&A session, 2-hour closed book examination, and course conclusion.

What You Will Gain

- **Master ISO 9001:2015 Requirements** – Understand and apply the standard's principles to real-world scenarios.
- **Conduct Effective Audits** – Plan, perform, and manage first, second, and third-party QMS audits.
- **Evaluate Compliance** – Assess organizational conformity to ISO 9001 with precision.
- **Report with Confidence** – Prepare detailed audit findings and nonconformity reports.
- **Lead Audit Teams** – Coordinate audit activities and manage team responsibilities.
- **Drive Continuous Improvement** – Recommend corrective actions for long-term quality enhancement.

Certification Awarded:

Successful participants will receive an **Accurate Global INC – ISO 9001 Lead Auditor Certificate**, recognized internationally, enabling career advancement in quality management and auditing.

Who Should Attend?

This program is ideal for professionals seeking to strengthen their expertise in **ISO 9001 Quality Management System** auditing and gain a globally recognized certification, including:

- Staff responsible for developing, implementing, or maintaining a QMS
- Internal & external auditors aiming for international credentials
- Quality managers, consultants, and compliance officers
- Professionals pursuing careers in management system auditing
- Risk and compliance personnel ensuring adherence to global standards

Why This Course is a Career Booster

- Global Recognition – Certification is accepted by organizations and certification bodies worldwide.
- Career Advancement – Open new opportunities in auditing, consulting, and quality leadership roles.
- Practical Skills – Gain real-world audit experience through exercises and case studies.
- Industry Versatility – Applicable across manufacturing, IT, healthcare, education, services, and more.
- Leadership Development – Build the confidence to lead audit teams and drive organizational improvement.
